British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,

The Edinburgh Review,

The North British Review,

The Westminster Review,

—AND—

Blackwood's Edinburgh Magazine.

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise As literary organs they stand far in advance of any works of a similar stamp now published, while the political complexion of each is marked by a dignity, candor, and forbearance, not often found in works of a party character

They embrace the views of the three great parties in England—Tory Whig and Radical—"Blackwood" and the "London Quarterly" are Tory the "Edinburgh Review" Whig, and the "Westminster Review" Radical The "North British Review" is more of a religious character having been originally edited by Dr Chalmers and now, since his death being conducted by his son in law, Dr Hanna, associated with Sir David Brewster Its literary character is of the very highest order—The "Westminster" though *reprinted* under that title only is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles It has therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers in a beautiful clear type on fine white paper, and are faithful copies of the originals Blackwood's Magazine being an exact *fac simile* of the Edinburgh Edition

TERMS

For any one of the four Reviews,	$3 00 per annum
For any two do	5 00
For any three do	7 00
For all four of the Reviews,	8 00
For Blackwood's Magazine,	3 00
For Blackwood and three Reviews	9 00
For Blackwood and the four Reviews,	10 00

Payments to be made in all cases in advance

CLUBBING

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals For this and other advantages secured to our subscribers we pay so large a consideration that we *may* be compelled to raise the price of the Magazine

☞*Something may therefore be gained by subscribing early*

DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines!

Comprising the true

Health Restoring Bitters,

PULMONARY ELIXER,

AND

Strengthening Plaster.

TRIED and proved by their continued use for the last fifty years, to be superior to any other preparations for the cure of every species of disease dependent upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c.

None genuine unless signed on the wrapper, "Stephen Jewett & Co" with a pen to whom direct all order

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT, of Rindge, N H

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE, N H, April 1 1849

To all whom it may concern

I the undersigned do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death and having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living, and that in the year 1814 I was afflicted with jaundice palpitation of the heart pain in the side, and general debility, so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* and by their use was permanently cured, Since the above named date, I have used Dr Jewett's medicines with equally good effect as prepared by Stephen Jewett, son of the late Dr Stephen Jewett, of Rindge N H and I cheerfully recommend them to the public as safe and invaluable medicines,—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums Try them, and judge from facts and experience I consider Dr Stephen Jewett's Strengthening Plaster as superior to any external application for the purposes for which it is recommended of any that I have ever known

EBENEZER BLAKE

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These bitters, acting as they do upon the Stomach Liver and Bowels removing all the morbid secretions, thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist but they also fortify the system against all attacks of disease It is a common remark among those who have used Dr Jewett's Bitters, that they have but little fear of being sick The remark is strictly true, for while the stomach and bowels are kept in a good condition, and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences, which under less favorable circumstances would have engendered perhaps fatal disease

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others, in their original, by calling on the proprietor

BOSTON, May 15 1848

To all whom it may concern—This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome, and was fast undermining my health, and had severe pains in the back, loss of appetite, languor and general debility

A short time since I commenced taking Dr Jewett's Health Restoring Bitters, and in a very short time my humors and pains left me, my appetite improved and my health has not been so good for years all of which I attribute to Dr Jewett's Health Restoring Bitters

(MRS) E H RUSSELL, Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused either directly or indirectly by diseases of the Lungs and Chest Why is this great sacrifice of human life? How happens it that the brightest intellects of the highest promise the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact, and provide themselves with Dr Jewett's Pulmonary Elixer

The following certificate, among numerous others which have been received are appended for the benefit of those who desire to see certificates

WINCHENDON Mass March 10, 1848

Stephen Jewett—Dear Sir —I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough, by one bottle of your Pulmonary Elixer —For months I have been a great sufferer I had pain in my left side, sore throat, constant cough, and raised a good deal of bad looking matter My strength was gone and my flesh was wasting away I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs

Yours truly

THOS CUMMINGS

DR STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp Pain or Weakness in the Back Joints or Side, Rheumatism, Weak Stomach, &c*, and when used in connection with the Bitters in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders and in the side and back, well known to those suffering with such diseases This Plaster, from the quantity and quality given, is vastly cheaper than, and superior to, the "Poor Man's" or any other Plasters, and can be made any size wanted, without waste. One roll will make five good sized Plasters A single trial will be all the certificate necessary

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!!

10,000 CASES

OF SCROFULA cured by it this year and **5,000** Cases DYSPEPSIA and HUMORS of which *proof* can be furnished This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle at FULL STRENGTH and power without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy Adulterated Sickish and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill CERTIFIES astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says "that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury" What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or Feverish Skin yellow Nerves deranged It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age?

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient or prolong his sufferings But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Others only scatter or back on the disease but this EXTIRPATES it wholly from the system—this saves the patient alive while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease Affliction, or Pain which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

John S. Sayward,—Editor

FRIDAY, MARCH 30, 1849.

The President and the Senate.

The rejection of Mr McGaughey, nominated by the President as the Governor of the new territory of Minnesota, has been the only instance in which the Senate has openly discarded as a person selected by the executive for office under his administration The seal of secrecy not yet having been removed, we are yet in the dark as to the precise character of the objection which Mr McGaughey presented to the Senatorial tastes We only know that the debate upon the confirmation was pointed and exciting, and that the nominee was rejected by a vote of twenty five to twenty three One statement is that he was among the very small minority who voted in the negative on the memorable question of supplies for the Mexican War, but it is said that an examination shows that his name is among the nays Yet expressions attributed to him in his place in Congress are manufactured or quoted that he hoped defeat and not victory would be the fate of the forces that had entered the Mexican territory Objection more ridiculous, yet not too much so for even as grave an assembly as either branch of the thirtieth Congress, is, that his presence and demeanor are not commanding, that his slight from will fall far short of inspiring the awe of six feet four and that the Indian tribes of the territory of which he was named the Chief Magistrate would have little scruple in insulting a government which should send among them a representative of such ordinary proportions Again, and with far greater probability it is urged, that Mr McGaughey has been an active Whig partisan, that his able pen and tongue have especially been felt by the present Senators of Indiana This objection, comes from that section of country which sent Edward Hannegan and Gen James Shields to the United States Senate It is well urged to that portion of the same August body which in the early light of the morning after the midnight on which its functions had expired made the former of these men the incumbent of a high place, and proposed to silence the creditors of their spendthrift colleague with the outfit and one year's salary of a minister at the court of one of the first nations of continental Europe

Able and judicious men who lead for the administration in the Senate will do much to harmonize the elements of that body, and lead them to co-operate with the moderate policy which Gen Taylor has avowed he will pursue Their efforts will doubtless meet the concurrence of the best men of the majority, but of that majority there is a sullen few who may take advantage of what they deem favorable occasions to show their hostility to the party in power But these instances will be rare, for the Senators, with all the security of their six year terms, cannot forget that the eye of the power which made them what they are is always upon them And no man or men can long stand the condemnation of public opinion

Somewhat of the tone of the debate upon the President's nomination of his Cabinet officers, has transpired The discussion in which Senators censured what they were pleased to term the abolition notions of Messrs Collamer and Ewing, had proceeded to some length when Mr Seward rose He said that he was perfectly aware of the reason of the objection of the gentlemen named as the President's advisers—that he himself was of the extreme section who held opinions on the subject of slavery as strong as those of the men, Senators sought to censure He desired to know if the gentlemen from the South and on the other side of the chamber desired to make these opinions a test in the issue of the rejection or confirmation of nominees? Do gentlemen,' said Mr Seward 'wish to make up this issue? *It is time we had an understanding* I dare them to decide this is the [illegible] The appointment of Cabinet officers were confirmed without a division

There is a fanaticism of conservation as well as a fanaticism of reform There are fanatics in abuses as well as in improvements, fanatics in sin as well as in saintliness and the latter at least as blameless as the former

The National Debt in England.

A writer in the February number of the North British Review suggests a plan for the payment of the vast debt of the English government His plan is sufficiently simple, and should a ministry attempt to realize it, sufficiently startling The present amount of indebtedness is eight hundred millions sterling — The whole real property of the kingdom is estimated at twenty three hundred millions, and the amount of personal estate at twenty two hundred millions, in all *forty five hundred* millions, something more than five times the amount of the debt To pay this the writer proposes the sacrifice of one fifth of his estate and funds of the kingdom Bold as this appears at the outset, it will be found on examination to be one of those pieces of surgery, which seemingly hazardous, are eminently useful

Out of the fifty-four *millions* sterling revenue annually raised in the kingdom, twenty eight millions is sequestered to pay the interest of the National Debt This is an annual tax on the property of the kingdom, a standing burden upon its prosperity from the removal of which happy results must ensue To throw one fifth of the property of the nation into the market would doubtless produce a great depression in prices, were it not for the fact, that the money applied to the payment of the National debt must seek investment, and would of course create a demand commensurate with the supply A fact consistent with the increase of the National debt has arrested the attention of the political economists It is this In the half century preceding the peace of 1815, the land of of England, which had been previously parcelled out among 260,000 families, fell into the hands of only thirty-two thousand It is obvious that money sought the funds as a more profitable investment, and the very surplus of cash which should have augmented the value of the soil, came to be an annual tax upon that and the labor of the country. The diffusion of the capital now consolidated in the National Debt would, it is confidently believed, reverse the process of the monopoly of the soil, and augment the happiness and security of the empire by extending the basis of proprietorship

The Fruit Garden.

There are as yet few fruit gardens in our city or vicinity but there are many young trees out, and in a few years fruit gardens will be abundant here Any man who has a few rods of ground well prepared may, at a small expense collect a few well assorted trees, the concentrated excellence of a fruit garden of a thousand varieties It is not necessary now as it was formerly, for every man to try individual experiments as to the success of any particular fruit in this region Excellent fruits which are known to succeed well can be obtained, and a few such are sufficient for variety

The editor of the Horticulturist, who we think stands at the head of those who unite science and practice in the art of gardening, recommends as the best general compost for fruit trees a mixture of peat and ashes The peat here referred to is the black, decayed vegetable matter of low grounds, and this with wood ashes contain the essentials for making good growth of trees By mixing five bushels of fresh ashes or ten bushels of leached ashes to a waggon load of peat and you have the mineral manures essential to the production of fine fruit

A compost specially adapted to apple trees, according to the high authority already referred to is formed by adding to every cart load of the composted peat and ashes, after it has lain a fortnight, two bushels of air slacked lime

For pear trees to every cart load of the peat and ashes, add half a bushel of ground or dissolved bones and two bushels of leached ashes

For plum trees to every cart load of the peat and ashes add half a bushel of lime, half a bushel of ashes and a peck of salt

Where gardens have been neglected they should have at first a coating of at least two inches thick of this compost and to be applied every year By attending to this matter the cultivator may be sure of bringing about thrifty growth, healthy foliage, and fair and abundant crops

We must not omit to mention here that the currant family has been greatly improved within a few years, particularly by the introduction of the Dutch White and Red, Knight's large Red, Victoria, and the Cherry Currant

The gooseberry family now possesses many attractions of various sizes and colors and varying in their time of ripening Those who would make home attractive happy and healthful should provide for fruit

☞ Our neighbor Mr Michael Schwartz of whose manufactures of saws in this city, we have several times spoken, is now prepared to do a large business the present season He last fall removed his saw factory, and hard ware store into the new and beautiful brick store erected on Exchange street by P B Mills, Esq This building was fitted specially for the saw business, and the whole is now under a thoroughly organized system of industry, and a large number of workmen are employed

The Hardware store of Mr Schwartz in the front of the factory is well furnished with goods and has recently been fitted up in a very neat and attractive style

The reputation of saws manufactured by Mr Schwartz has been gradually increasing among the mechanics and lumbermen of Maine, and he stands number one in the market The ship carpenters who have used the heavy saws designed for their business would never after consent to use any other

The Mexican Commissioners.

The Secretary of State gives official notice that the Board of Mexican Commissioners will meet on Monday, the sixteenth day of April next, to receive and examine all the claims of the citizens of the United States upon the Republic of Mexico, which are provided for by the late treaty, and which may be presented to the said Board of Commissioners and to decide thereon according to the provisions of said treaty, and of the first and fifth articles of the ratified convention concluded at the city of Mexico on the 20th of November 1843

Foreign Items

The Danes are ready to resume hostilities, and are concentrating large forces at Kolding It is very doubtful however, whether the belligerants will again come to blows We cannot doubt but that the Danish right to the Duchies will be maintained inviolate

The Austrian war in Hungary has proceeded with variable success In the south of Hungary, the German population finding the insurgents carrying destruction in every quarter, called on the Russians who now occupy Cronstadt and Hermanstadt Several serious battles have taken place—one in the neighborhood of Erlau lasted two days with considerable slaughter and the Imperialists seem to have had the advantage Reports have been circulated that in one engagement Bem had both his legs shot off but the last report is that he had left Transylvania for Hungary

The insurgent troops amount to 140 000 men split up into many divisions, it is difficult to ascertain the actual progress of the war the termination of which seems still to be very remote Whilst Austria is pushing on the war in Hungary she is not unmindful of Italian affairs She has marched a body of troops into Ferrara and seized upon the city and levied a fine upon the citizens of 200 000 scudi, which she handed over to the pope

The revolution of Tuscany is complete The republic has been proclaimed at Leghorn and Florence and a central Italian republic has been formed in union with the Romans The Grand Duke has protested against this revolution, and has entreated all the powers of Europe to refuse to recognize the new authority which he declares to be a violation of the constitution agreed to by all parties last year committed by a factious minority The Prince of Canino has been elected Vice President of the Republic of Rome

The Pope, after halting between abdication and soliciting foreign intervention has now it is said, made an application to Austria, it is confidently stated that Spain is about to send a division of 10 000 to aid in restoring his Holiness

The latest intelligence from Italy states that the Roman ministry had communicated to the Assembly that a joint intervention of Austria, Spain and Naples is announced, France had not decided what part to take —Piedmont was resolved to intervene in Tuscany, to hinder civil war, and to oppose the Austrian intervention It seems probable that Naples on the south, and Austria on the north side of the Po, will overrun the Papal states, but still the question of constitutional government at Rome and Florence, can scarcely be settled at the bayonet The relations of Sardinia and Austria add further difficulties to the general confusion which prevails from the foot of the Alps to the Mediterranean From Turin, all is in a distracted state, whilst Genoa seems ripe for some republican movement and altogether the elements of disorder were scarcely ever more rife in Italy than at this moment. It is only the quiet attitude of France, and the peaceful efforts of England, which prevent these combustible materials from bursting into a flame

☞ The Ice Pokers had fine sport yesterday. One of the little fellows of the tribe was carried off on his cake of ice through the bridge and some distance down the stream to the jam of ice, where it was feared he would be drawn under the ice, but he was spoken to encouragingly and boards and ropes were ready to relieve him, in case of danger He escaped without trouble

To the Public.

My name having been, to some extent, brought before the public (contrary to my wishes,) as being among those from whom Gen Taylor would be likely to select his Cabinet, I deem it to be due to myself and friends to publish the subjoined correspondence, for which I have the permission of the President Notwithstanding the purposes of General Taylor, as to the composition of his Cabinet, underwent considerable modifications subsequent to my declination of his offer, yet I desire that it may be understood that I retract nothing of the views sentiments and avowals, contained in my letter of the 2d of march TRUMAN SMITH

Washington, March 17, 1849

WILLARD'S HOTEL, March 2

DEAR SIR —Having the greatest confidence in your ability to fill any office under the Government, I desire to say that, should the bill creating a Home Department become a law, it is my purpose to tender you the appointment of Secretary of that Department

I have the honor to remain, with high respect, Yours, very truly,

Z TAYLOR

HON TRUMAN SMITH,
House of Representatives, Washington, D C

WASHINGTON (House of Reps) March 2 1849

GEN ZACHARY TAYLOR—

DEAR SIR —I receive with profound sensibility the offer of a seat in your Cabinet as Secretary of the Home Department, (should the bill now pending in the Senate become a law,) which you do me the honor to tender to me by your note of this day's date For this distinguished expression of your confidence, be pleased to accept my heartfelt thanks I assure you that nothing could be to me a source of more pride than to be associated with you in the administration of our Government, or to have imposed upon me the duty of seconding your efforts to promote the happiness and prosperity of the American people, but many considerations would call on me to pause before I could assume such high responsibilities

You are sir, not unaware of the part which as a delegate to the Philadelphia Convention, I felt it to be my duty to take in promoting your nomination to the Presidency, after giving full expression to the respect and confidence which the people of Connecticut have long cherished for the distinguished statesman of Kentucky, nor of the labors and responsibilities which were devolved on me as the organ of the Whig executive committee of the two houses of Congress during the subsequent canvass, and I can say with truth, that in performing that duty, and in undertaking those labors and responsibilities, I did not for a moment harbor a thought of deriving any other advantage from your success than such as would redound to the country at large

Were I to accept an office at your hands, I should I fear, lay myself open to the imputation of having been actuated by other than patriotic motives I turn, therefore from the allurements of place and power, under your benignant auspices to the high duties to which I have been called by the people of my native State, to whose generous confidence I am indebted for all that I am and all that I expect to be As a member of the Senate of the United States, (however humble may be my position in that august body,) I flatter myself that I can contribute something to the success of your administration and to the welfare of the Republic

And, furthermore, I deem it best not to renounce my seat in that body, as I am by no means satisfied with the spirit of alienation which seems to be springing up between different sections of our beloved country While it will be my purpose to represent faithfully the predominating feeling and sentiment of my own section, I do not intend to be put on extreme courses, and hope, by concurrence in wise and moderate counsels, to aid in allaying the irritation now existing to some extent, in the public mind, and in adjusting pending questions in such manner as to satisfy good men in all parts of the Union

I cannot conclude this response without proffering my sympathies on account of the unexampled difficulties and embarrassments which attended the discharge by you, of one of the most delicate duties which can devolve on one about to become the Chief Magistrate of the Republic Having spent a large portion of your life on the frontiers, far removed from the abodes of civilized men, and much of the residue in the tented field, amidst the din of arms, and the clangor of war, you have not only enjoyed the usual opportunities to obtain, by personal observation and intercourse, a thorough knowledge of our public men, and having postponed your arrival at the seat of Government until a late day, you have been plunged into the political elements of this metropolis, and are obliged to grope your way through all sorts of representations vehemently urged to a safe and proper organization of your Cabinet

I think, sir, you must be something more than human if you do not make under such trying circumstances, some mistakes, and, in consideration of those circumstances, your ultimate arrangements should, in my judgment, be received with great indulgence by your friends through out the country I can bear testimony to the profound anxiety which you have manifested to do justice in the selection of your confidential advisers to all the great interests of the country, and all sections of the Republic, and being assured of the purity of your motives, and of the generous patriotism by which you are actuated, you have my unreserved confidence in advance, with a determination, on my part to stand by you through evil report and through good report, and to consecrate all my faculties to render your Administration as successful (so far as a proper discharge of legislative duties can contribute to that end) as your career in another department of the public service has been illustrious I have, therefore, to request you to make other arrangements for the Home Department, should the bill pass the Senate, and in the meantime, to accept assurance of the respect with which I am, truly and faithfully, your friend

Opening of a New Road to Santa Fe.

In accordance with Government direction, a detachment of U S dragoons and infantry was to move from Fort Smith, Arkansas, about the 17th instant, to survey, mark out and cut a road under the direction of a corps of engineers, from that place to Santa Fe direct.

CAUTION.

[From the (Boston) Chronotype]

The great popularity of Wistar's Balsam of Wild Cherry, has induced some mercenary individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well earned reputation of this truly valuable medicine — The interests of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of the *Wild Cherry*, for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which "human flesh is heir to" or preserved the health and life of so many thousands of our race as has Dr Wistar's Balsam MR SETH W FOWLE druggist No 138 Washington street, is the sole proprietor of the original receipt for the manufacture of the genuine medicine and supplies both at wholesale and retail, and of whom also agencies can be obtained

THE GENUINE AND ORIGINAL DR WISTAR'S BALSAM OF WILD CHERRY, has been extensively COUNTERFEITED in Philadelphia and some thousand bottles of the spurious imitation thrown into the market, and extensively circulated — THIS IS TO CAUTION DEALERS AND THE PUBLIC GENERALLY AGAINST PURCHASING ANY OTHER THAN THAT HAVING THE WRITTEN SIGNATURE OF I BUTTS ON THE WRAPPER

No. 52, Union Street,—Portland.

Manufacturers and Wholesale Dealers in Foreign and Domestic

Straw Goods,

Would respectfully inform Dealers in Penobscot and vicinity, that they have established themselves in Portland and will be happy to supply Goods of their own manufacture on as good if not better terms than can be had in Boston, or New York Their Spring stock and styles of BONNETS, consists of

Florence,	Spanish do,
Bird s Eye,	Coburg,
Genevese,	Tulip,
Vandyke,	Rough and Ready,
Rutland,	Jenny Lind

and every other variety to be had in any of the cities of the Union

Maine has heretofore been drained of a large portion of her capital to build up manufacturers in other States but the subscribers believing the time has come that *Home Manufacture* should be sustained and encouraged rely with confidence upon the patronage of her citizens, for a generous share of their trade

In addition to goods of our own manufacture we shall keep constantly on hand a choice assortment of

Laces, Satins, Silks, Velvets, Ribbons, Artificial flowers, &c &c.

In fact every thing connected with the *Millinery Trade* will be sold at *wholesale only* as low for cash as can be bought in any other city in the Union.

We shall also keep on hand a good assortment of GIMPS FRINGES, &c

The facilities for reaching PORTLAND are now so numerous that country merchants are no longer under the necessity of purchasing so largely as when visiting Boston or New York but can order Goods, in our line, as they want them By this means they will not be left at the end of the season, with a depreciated and unfashionable stock

☞Orders strictly attended to and Goods put up the same as though the purchaser were himself present

☞In all cases where goods are ordered, the purchaser has the privilege of returning them if they do not give satisfaction provided it be done without unnecessary delay

Dr. Townsend's
COMPOUND EXTRACT OF
SARSAPARILLA,

Wonder and Blessing of the Age

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter, and warranted superior to any sold It cures without vomiting, purging sickening, or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates diseases it invigorates the body It is one of the very best *SPRING AND SUMMER MEDICINES* ever known it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood* a power possessed by no other medicine And in this lies the grand secret of its wonderful success—It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10 000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system lassitude, want of ambition fainting sensations, premature decay and decline hastening toward that fatal disease Consumption, can be entirely restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs and strength to the muscular system in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis Consumption, Liver Complaint, Colds, Catarrh Coughs, Asthma Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD

New York, Apr 128 1847

Dr T [illegible]—I verily believe that your Sarsaparilla has been the means through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced and did not expect to live—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant

WM RUSSELL 65 Catharine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island Sept 1, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat sleep or walk I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully

JAMES CUMMINGS

FITS FITS FITS

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, Aug 13 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness Prolapsus Uteri or Falling of the Womb Costiveness, Piles Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame which is the great cause of Barrenness—It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period "The turn of life" should neglect to take it as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life The period may be delayed for several years by using this medicine Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine, have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease and undermine the constitution.

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend—Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully,

ISAAC W CRAIN, 106 Wooster st

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

NERVOUS DEBILITY—LOSS OF ENERGY

Wright's Indian Vegetable Pills speedily and permanently restore the declining powers of the human body This may at first be doubted, but no fact is better established Those who use the so-called Sarsaparillas for this purpose, overlook in doing so, a medicine far less expensive and more efficient

Aremer, Chautauque Co N Y, Oct 5, 1848

Dr Wm Wright—Sir—For the last three or four years I had been gradually running down, and finally became so weak that I was unable to perform my usual labor I was advised to try your Indian Vegetable Pills and I am glad to state that by the use of three or four boxes I began to feel like myself again, and am now thoroughly cured

From my own experience I can commend your Pills to the afflicted, with confidence that they will be found a medicine of great efficacy and value Yours truly,

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms, that during his practice of forty years, this Paste has never, to one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years, but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at the present time.

☞In case the Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser [illegible] the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 62 Union street, Boston, [illegible] [illegible]

FITS! FITS!!

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility Deficiency of Nervous and Physical Energy and all Nervous Disorders, including the most dreadful of all diseases that ever afflict the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases As its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S Hart, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES,

upon record, and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine. One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness" Another says, "I thank God that I am a well man I also feel it my duty to proclaim it to the ends of the earth that those similarly afflicted may find relief Another (who is an

EMINENT LAWYER,

and well known in this city) says "my son has been afflicted for years with Epilepsy, but is now enjoying good health from the Vegetable Extract Its fame," says he "should and ought to be sounded to the ends of the earth" As the says 'Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means under the blessing of God, of restoring me to good health, after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Mrs J Bradley, 115 Orchard street, New York states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown, of Dover, Russell co, Alabama who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge

Curtis G Mayberry, Esq, formerly Postmaster at [illegible] Mills, Crawford Co, Pa, now living in Erie Co Pa states that for many years past he has been sorely afflicted with Fits, and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr [illegible] E Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles C Gough, a member of his family has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health and left this city for the State of Ohio to resume his business

Rev Mr Smith Rector of St Peter's Church, Spotswood New Jersey who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing, to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore Esq of Philadelphia, afflicted with Epileptic Fits for twenty seven years and six months—After travelling through England Scotland, Germany and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, pocketed by the physicians and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so as by the use of Hart's Vegetable Extract he found he was restored to

PERFECT HEALTH

His reason which was so far gone as to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness. He is now 28 years of age, and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health

Now sir, faith without works I don't believe in— To say I shall be ever grateful to you is one thing and as I here enclose you one hundred dollars I have no doubt you will think this another and quite a different thing The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance Yours very respectfully,

(Signed) WILLIAM SECORE.

McKENNEY'S
COSSACK SALVE!!
An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases; Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles Corns Warts and Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the "*most effectual*" and "*certain cures*" for all diseases indiscriminately to which man or animals are subject

A history of this Salve, and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add, that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends, and those who have experienced its wonderful medicinal and all-healing properties.

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty "*puffing of the Press*," or the "bought certificates" of individuals, and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A M McKenny and continued its application until I had used six bottles, which entirely cured me, and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY

Dexter (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year and having tried various means to effect a cure without success which cost me about forty dollars, I bought 1 Box of JONATH N McKENNEY'S SALVE, which effected an entire cure in less than two months

BUCHAN'S HUNGARIAN BALSAM the Great English Remedy for Pectoral and Pulmonary diseases still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these formidable complaints, now known to the civilized world

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merit in all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, cough and inflammations that can possibly be used

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

DR, BRADLEE—Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success, in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully,

FREDERIC T STORER, M D

Saco, Me, May 22, 1846,

Reliable Evidence of the Efficacy of
BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman.]

While we repudiate quackery we are always glad to give credit for that which is truly useful, and to give information which may benefit others. A few days ago a brother of ours, from Norway, Me, came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs. But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully will show what medicine has been the instrument of the good work.

Boston, Feb. 16, 1847.

Dr D F Bradlee—Sir —I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life." Here is a plain statement of facts in relation to my case, and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is Norway, Me. Three years ago last fall I took a violent cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left side. Last June I had become so feeble that I was obliged to quit all work, and was confined to the house until about four weeks since. During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases, but could find no relief, but grew worse, and for the last three weeks was confined to my bed. Two of my physicians gave me up as past recovery. But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle. This gave me instant relief, and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation.

BE WISE TO-DAY!

Delay in any case of Consumptive tendency, is emphatically Death, under all and any circumstance. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms [illegible] described, be advised in time.

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter narrating one of the most remarkable cases on record in the annals of medical science is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

Sidney New Jersey July 1, 1848

Dr A H CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows

For about *twenty years* I had been suffering from Dyspepsia Every year the symptoms became worse nor could I obtain permanent relief from any course of medical treatment whatever My physicians were skillful and excellent men but here their prescriptions failed About *fourteen years* since in consequence of frequent exposure to the weather in the discharge of my pastoral duties I became subject to severe Chronic Rheumatism which for year after year caused me indescribable anguish [illegible] my physicians [illegible] [illegible] added me great relief but this relief was *temporary* Further in the winter of [illegible] in consequence of preaching a great deal in my own and in other churches in this region I was attacked by the Bronchitis which soon became so severe as to require an immediate suspension of my pastoral labors My *nervous* system was *now thoroughly prostrated*, and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System My sufferings were indeed severe and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors in which my pastoral life found the highest of its joys.

But reasoning from effect to cause I became convinced that the *Nervous System* must be reached before any hope could be indulged of my obtaining relief from these most distressing maladies In the whole pharmacopœia there seemed to be no remedy I sought which could reach and recuperate my Nervous System every thing that I had tried for this purpose had completely failed At last I was led by my friends to examine your inventions and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE with the *MAGNETIC FLUID* This was in June last TO MY GREAT ASTONISHMENT IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted I could fill a sheet of paper with the details of particulars but I can now only furnish this brief abstract My Dyspepsia has never *returned*, the Rheumatism once in a while visits me, but not severely and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them WITH HAPPY RESULTS I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W LANDIS
